PEOPLE IN EDUCATION -- UNIVERSITY OF MONTANA

Terry Berkhouse, Cooperative Education director, will oversee the work of a student intern doing research and analysis of Montana economic statistics with \$4,390 from the Department of Labor and Industry.

Zoology Professor Delbert Kilgore will continue researching ventilatory set points in carbon-dioxide-tolerant birds with \$35,000 from the National Science Foundation.

Ted Maloney, the director of MUAPS early intervention and education programs in the Institute for Human Resources, will conduct a competency-based program for specialists working with disabled infants and toddlers with \$74,302 from the U.S. Department of Education.

Paul Polzin, the director of the Bureau of Business and Economic Research, will conduct a financial services opinion survey with \$7,916 from the Montana Federal Credit Union.

Craig Spencer, a research assistant professor at the Flathead Lake Biological Station, will study the effects of water-level regulation on the benthic invertebrate community of Flathead Lake in comparison to Lake McDonald, which is unregulated. A \$10,000 grant from The Montana Power Co. will fund the study.
